“New Art” Is Healing and Wellness Activities

Visual arts are an important tool for self-expression and emotional regulation. Because the New Art Center prioritizes the emotional wellbeing of our community, we now offer the following new classes and programs:

Expressive Arts Therapy Group GR 6-8

9 Fridays October 7 - December 16 5:30 - 6:30 pm
or 9 Mondays October 17 - December 12 5:30 - 6:30 pm

Focused on adolescents in grades 6-8 in the care of a primary therapist, this expressive art therapy group provides a safe and responsive space for young teens to create, connect and share in a variety of art modalities in a confidential community environment.

Weekly sessions are led by registered art therapist Erin Palazzolo-Loparo, MS-ATR, alongside New Art

Center’s Education Coordinator. Mindful and ego-building weekly art exercises allow teens to access, express and transform feelings and struggles into meaningful art forms. Expressive art materials may include: collage, clay work, mandala work, Zen poetry conversations, mask making, painting to music and more in conjunction with teen input.

Tuition is calculated on a sliding scale based on household income. Interested students should contact the New Art Center for more information. Info@newartcenter.org
